### YESTERDAY, TODAY, & TOMORROW

Quietly preserving the Shorthorn breed in the hills of Southwest Iowa.

# Welcome

## TO OUR 16TH ANNUAL FAMILY LEGACIES SALE.

“This is our best set we’ve ever offered.”

We know everyone always says this, but as you look through this catalog & study the videos, you will understand why we feel this really is the best and deepest set all the way through we’ve ever offered.

The genetics we offer in this sale have stood the test of time for ALL the families involved. We have confidence these females will go out and produce for you for years to come.

We are again are pleased to have our friends from Stuart, Gilman Shorthorns, and from Indianola, Bert and Millie Moore of Mapleton Polled Shorthorns, include their offerings with us!

Please reach out to us or any of our listed sale consultants for information or questions you might have regarding this offering. Cattle are always available to be viewed anytime before the sale, just give us a call. We look forward to getting together on sale day to sell these Shorthorns to new pastures!

Can't wait to see you at the WCC Cow Palace!

- Nathan Studer

What a great start to the sale catalog with a female that brings a pedigree that we believe to be sustainable in any operation. Much to appreciate she does so in such a way that will also bring a great opportunity to excel in the show ring with her design, power, and eye appeal. She's in it for the long haul.

Old Rockford has produced some very solid females over the years and he's still going strong! This is typical prototype of the progeny of his with frame, depth of rib, length, performance and a beautiful red color. She will be a stand out on sale day!

**CONSIGNED BY STUDER SHORTHORNS**

## Harvard THE HARVARD'S

Havard was a bull we showed sired by Rockford that we really like for his growth and performance. These three daughters of his resemble that and bring together extra maternal characteristics. All of these heifers are sound, balanced, and provide added look and appeal. All three are also backed with solid data.

Take your pick of one or all, you can't go wrong!

We had the opportunity to purchase several females from Gary Hansen in North Dakota. They've done tremendous for us and we've been nothing but impressed with their daughters. This heifer demonstrates the correctness and sustainability to improve anyones herd.

# Palermo

## THE PALERMO'S

These two heifers should prove to you the reason our bred heifer offering are all safe to PVF Palermo 2K. We were confident in this bull from the beginning and have been nothing but impressed with his progeny. Palermo 2K has added style and extra go. He offers plenty of calving ease with extra performance.

Athena 80M and Linda 101M are balanced, correct, have extra length and are great in their design.

Have confidence in the matings of our bred heifers to this Palermo x Rosewood son.

# Rifleman THE RIFLEMAN'S

Deerhorn Rifleman landed in Southwest Iowa thanks to a great cattle friend of ours named Jeff Stangeland from Minnesota. Rifleman has done nothing but impress us with his progeny. Some of our best herd bull prospects were sired out of him this past year. We couldn't be happier with the positive impact Jeff said this bull would have on our herd. How right Jeff was! Awesome offspring.

The proof is in these next 6 daughters that will stand with any bred heifers in this breed. Don't miss a great opportunity with these.

Due 2/25/2025 to Gilman's Sure Bet 3K.  
The Night Calver bull has done a great job on heifers here. This female has a unique pedigree going back to the Waukaru Lassie 2024 and Coalpit Creek Leader 6th. Safe to Sure Bet, the amount of calving ease and maternal genetics injected into this mating is off the charts. 31L ranks in the top 1% for CED, CEM, \$CEZ & \$CPI.

### GENERAL SALE INFORMATION ...

**Terms:** The terms of the sale are cash or check. Payment to be made to the clerk immediately following the sale and before the cattle are removed from the WCC Cow Palace. Purchasers or their representative must sign the bill of sale prior to leaving the sale site.

**Billed Accounts:** All billed accounts are due and expected within 10 days of the sale date.

**Insurance** will be available for your purchase at the sale through Harding & Harding. Contact either their representative or the clerk at the settlement desk.

**Health:** Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date and cattle born at the consignors have been vaccinated. A list will be available on sale day listing any non-vaccinations.

**Breeding Guarantee:** All cattle sell under the Standard Breeding Guarantee recommended by the American Shorthorn Association.

**Liability:** Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

**Registration And Transfer:** All animals sell with completed pedigrees and will be transferred to new owner once payment has been received.

**Transportation:** The Family Legacies group will make every effort to assist you in your transportation needs. Local trucking will be available.

**Mail Bids:** Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative, a sale consultant or a member of the Family Legacies group far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

**Announcements** made sale day will take precedence over printed material in this catalog.

**General Update Information:** There will be added information available at the sale site that will list any additions or changes to the catalog.

All Studer bred heifers were ultrasound examined safe on August 9th.

All Gilman bred heifers were ultrasound examined safe on July 28th.
